NOTIFICATION.

Higher Examination in Science, Art, and Industries.

No. 25.—With a view to give effect to the instructions of the Government of India, as contained in their resolution, $\frac{10}{30}$, of the 23rd October 1884, HIGHER EXAMINATIONS in various branches of TECHNICAL SCIENCE and ART and in INDUSTRIES will be held at such times and places as may hereafter be determined, and of which due notice will be given.

2. THE OBJECT of Government in instituting these examinations is to encourage advanced instruction in Science and Art, especially in those kinds of knowledge which bear upon the different branches of Industry now existing in this Presidency or suitable for it, and to furnish a means of testing wholly, or in part, the qualifications of persons desirous of becoming—

I. (*a*) Science, (*b*) Art, or (*c*) Technical } Teachers ; or

II. Mechanical engineers; mechanical draughtsmen ; electrical engineers ; telegraphists ; builders ; designers ; engravers ; decorative or art workmen in any branch of artistic industry included in this notification ; or

III. Scientific agriculturists ; foresters ; veterinarians ; or

IV. Managers or foremen of manufacturing, printing and other industrial establishments suitable for this Presidency ; or

V. Employés in posts in the Revenue, Revenue Survey, Public Works, Education, Agriculture, Forest, Sanitation, Cattle Disease, Vaccination, or other departments which require a practical knowledge of any of the branches of science, art or industry in which it is proposed to examine, and for employment in which Government may, from time to time, see fit to recognise these examinations as a test ; or

VI. Employés in similar posts under District Boards and Municipal Councils, or under private employers.

3. THE KIND OF SCIENTIFIC INSTRUCTION that it is proposed to test, differs from that given in connection with the University examinations in this, that what is contemplated is not so much abstract science or science studied merely for the extension of knowledge and the enlargement of the mind, but science viewed in its application to various manufactures and industries. Similar remarks apply to the art examinations.

4. THE EXAMINATIONS shall be conducted by BOARDS OF PROFESSIONAL EXAMINERS appointed by the Commissioner for the Uncovenanted Civil Service Examinations, and shall be under the control and direction of that officer, to whose office all communications regarding the examinations should be addressed. The names of the members of each Board shall be notified beforehand in the *Fort St. George Gazette.*

5. THE EXAMINATIONS may, at the discretion of the Commissioner, be held at PLACES OTHER THAN MADRAS. Of such places, a list will be published in the *Fort St. George Gazette* annually in the month of June, and at such other times as the Commissioner may consider expedient.

6. APPLICATIONS FOR ADMISSION TO THE EXAMINATION must reach the office of the Commissioner not less than two months before the examination, and must be on the printed forms to be obtained as hereinafter prescribed (paragraph 22). Each application must be accompanied by the district treasury officer's receipt for the fee, and by a certificate of the applicant's having passed the Middle School Examination or some examination accepted by the Commissioner as equivalent or higher.

7. The FEE shall be as follows :—

When only one subject is brought up, the fee (except as hereinafter provided) shall be Rs. 5 for the Preliminary Higher Examination and Rs. 8 for the Advanced Higher Examination ; when two subjects are brought up at any one examination, it shall be Rs. 4 for each subject of the Preliminary Examination, and Rs. 6 for each subject of the Advanced Examination, and similarly the fee shall be Rs. 3 and Rs. 5, respectively, for each subject when three or more subjects are brought up at one examination. No deduction will be made when the additional subject is brought up in a succeeding year.

In those subjects in which the Examination is divided into stages the fees for examination for each stage shall be as follows :—Preliminary Examination, for each stage, Rs. 2. Advanced Examination, for each stage, Rs. 4. In subjects wherein for the present there is notified to be only one examination, the Preliminary Examination fee shall be charged.

8. Those who pass the examinations will receive Single Subject Certificates, Group Certificates, or Diplomas (see paragraphs 15, 16 and 17), and to some there will, under certain conditions, be given also Prizes and Rewards (see paragraphs 18 and 20); and Scholarships (see paragraph 19).

The Teachers of passed candidates will be eligible for Grants under the Grant-in-Aid Code (see Grant-in-Aid Code).

9. In connection with these examinations, Science Teachers, Lecturers and Demonstrators will, as opportunity serves and funds allow, be provided in every Government College, which will be provided also with Collections of Apparatus and Specimens, and with Laboratories. Encouragement will be given to all recognised colleges and high schools to make similar provision, and to District Boards and Municipalities to establish Demonstration-workshops and Farms in connection with the above teacherships and lectureships, so that theoretical instruction may be supplemented by practice.

10. Pending further notification there will be no advanced Higher Examination in the following subjects.—Mensuration; Plan-Drawing from Specification and Estimate-making; Earth-work, Road-work and Railway-work; Machine Construction; Mechanical Drawing; Steam and the Steam-Engine; Heat; Light; Metallurgy; Electrical Instrument-making; Electro-Metallurgy; Organic Chemistry; Mineralogy; Physiography; Animal Physiology; General Biology; Economic Entomology; Modelling; Wood and Copperplate Engraving and Etching; Photography; and Music. In each of the Industries, numbered in the list below (paragraph 12), from 41 (Printing) to 64 (Cookery), there will, for the present, be only one Higher Examination. In the other subjects, there will be two examinations, one the Preliminary Higher, and the other the Advanced Higher, Examination.

In Pure Mathematics the two Examinations are each divided into two stages, making altogether four examinations, in that subject.

In certain other subjects (see Syllabuses) the Preliminary Higher Examination is divided into two stages, which may be brought up separately. But no candidate shall be permitted to appear for the second stage until he has passed the first stage, or some examination accepted by the Commissioner as equivalent or higher. In some subjects (see Syllabuses) an option is allowed between two or more sub-divisions of the Syllabus, or of a part thereof.

The Examinations will be so arranged as to allow a diligent candidate of fair capacity to pass the Preliminary Higher Examination in from two to three years after his passing the Middle School Examination, and the Advanced Higher Examination in from two to three years after his passing the Preliminary Examination. Candidates shall not be required to appear in more than a single subject at the same Examination, except in so far as the rules of any institution in which they are studying may provide. Candidates will not, however, be restricted, as yet, to any definite time of preparation; and provided they have passed the Middle School Examination (or some examination accepted by the Commissioner as equivalent or higher), they will be at liberty to come up in any year for the Preliminary Higher Examination, except so far as the rules of the institution in which they are studying preclude. The same restriction applies to students of institutions sending up candidates for the Advanced Higher Examination as the final test of the course in such institutions. But every candidate allowed to present himself for the Advanced Higher Examination in any subject must have passed either the Preliminary Examination in that subject, and in any other subjects declared requisite, or some other examination accepted by the Commissioner as equivalent or higher, or have completed in a technical institution a course of study accepted by the Commissioner as equivalent.

Candidates may, at both the Preliminary and Advanced Higher Examinations, come up in more than one subject, either in the same or in following years, and may, after passing the Advanced Higher Examination, come up for the Preliminary Higher Examination in any subject other than those in which they have passed the advanced Examination.

Candidates who have passed in a lower class in any subject, may come up again to qualify for a higher class, on paying again the full examination fee prescribed in paragraph 7.

11. Students of Science will find it to their advantage to have, before coming up for the Preliminary Higher Examination, that amount of general education which is implied by passing the Matriculation Examination of the Madras or other Indian University, and similarly candidates for the advanced Higher Examinations in science should possess an amount of general education equal to that implied by passing the First Examination in Arts.

12. The separate Subjects in which Examinations will be held are, for the present, those in the following list, which, however, may be added to. Notice of any addition will be published in the *Fort St. George Gazette.*

Note 1.—Till further notice, no examinations will be held in those subjects whose names in the list are enclosed in square brackets [ ].

Note 2.—Advanced examinations will for the present be held in those subjects only whose names in the list are printed in Capitals.

Note 3.—For each subject, except those whose names in the list are enclosed in square brackets, there is published a syllabus of the knowledge required for the examinations, and such syllabuses are on sale at the Madras School Book Society's Depôt, Old College, Nungumbakam, Madras.

N.B.—These syllabuses are subject to revision. Notice of any revision will be published in the *Fort St. George Gazette.*

13. The QUESTIONS shall not in number or difficulty be more than a candidate of decided ability can answer within the time allowed. Both in the written examination and in the *vivâ voce* they shall be such as cannot be answered merely from memory, but shall test the candidate's ability to intelligently apply the principles he has learned. No candidate shall receive marks in any science, art, or industry subject who, in the opinion of the examiners, fails to show such an understanding of its principles as is necessary for a useful practical application thereof.

In such sciences as admit of it the examinations shall have a PRACTICAL SIDE, and arrangements shall be made for testing the candidates, *viva voce*, as well as by written papers. In all subjects, the candidates will be liable to be called upon to produce diagrams similar to those given in the ordinary text-books.

No candidate shall pass in a science, who does not satisfy the examiners in the PRACTICAL SIDE of the subject he elects.

NOTE.—The examinations will for the present be held only at places where facility exists for the practical and *viva voce* examinations.

14. LISTS OF THE PASSED CANDIDATES shall be published in the *Fort St. George Gazette*, one list in three classes for each subject; candidates obtaining not less than 60 per cent. being ranked in the first class, those obtaining not less than 45 per cent. in the second class, and those obtaining not less than 35 per cent. in the third class. Candidates in the first and second classes shall be ranked in order of merit, and those in the third class in alphabetical order. In the case of institutions sending up students for examination in one of the hereinafter named groups of subjects as a test in the preliminary or final course of study in such institutions, a separate group list will be published. For passing in such group the candidate must obtain at least two-fifths of the marks in the principal subject of the group, one-third marks in each of the allied subjects, and one-half on the aggregate. The names of candidates passing will be included also in the separate subject lists.

15. To each candidate successful in the full Preliminary Higher Examination and to each candidate successful in the full Advanced Higher Examination, except in the subjects named in the margin, there shall be given a SINGLE SUBJECT CERTIFICATE signed by the members of the Board of Examiners in that subject, and by the Commissioner for the Uncovenanted Civil Service Examinations, or an officer deputed by him. In the case of syllabuses in which parts are bracketed, these certificates shall be granted only to candidates who have passed in the whole syllabus. Where the Science or Art is one in which the Preliminary Examination is divided into stages, the Certificate shall not be given until the candidate has passed the second stage: but this rule shall not apply to the Examinations in the several industries. Candidates who have passed a first stage and have accordingly had their names published in the *Fort St. George Gazette*, must on applying for admission to the Examination for the second stage, cite the date and page of the Gazette in which their names appear, and their number in the list of successful candidates.

Agriculture.
Forestry.
Veterinary Surgery and Medicine.
Building Construction and Materials.
Geology.
Machine Construction.
Mechanical Drawing.
Metallurgy.
Mining.

16. To each candidate successful in any one of the groups of Examinations named below, or in any industry, there shall be given a GROUP CERTIFICATE or an INDUSTRIAL CERTIFICATE, as the case may be; signed as above.

GROUP and INDUSTRIAL certificates shall certify that the holder is qualified to earn his livelihood by the profession or trade in which he has been examined.

PRELIMINARY GROUP TESTS (FOR GROUP CERTIFICATES).

N.B.—For candidates for group certificates certain portions of the 'Allied Subjects' that do not bear on the main subject of the group are omitted in the examination. Such omitted portions are distinguished in the syllabuses by being enclosed in square brackets.

Group A.—AGRICULTURE AND THE ALLIED SUBJECTS.

AGRICULTURE (preliminary); with Botany (preliminary, first stage); Inorganic Chemistry (preliminary); Pure Mathematics (preliminary, first stage); Mensuration; Animal Physiology (first stage); and Physiography.

Group B.—FORESTRY AND THE ALLIED SUBJECTS.

FORESTRY (preliminary); with Botany (preliminary); Surveying, Levelling, and Setting out (preliminary); Physiography; and Pure Mathematics (preliminary, first stage).

* In connection with the examination in these Industries there must be brought up Drawing, or Modelling, or both (as the case may require), sufficient for the industry.

Group C.—VETERINARY SURGERY AND MEDICINE AND THE ALLIED SUBJECTS.

VETERINARY SURGERY AND MEDICINE (preliminary); with Inorganic Chemistry (preliminary); Organic Chemistry; Animal Physiology (first stage); and Botany (preliminary).

Group D.—GEOLOGY AND THE ALLIED SUBJECTS.

GEOLOGY (preliminary); with Mineralogy; Physiography; and Surveying, Levelling, and Setting Out (preliminary).

Group E.—BUILDING, CONSTRUCTION, AND THE ALLIED SUBJECTS.

BUILDING MATERIALS AND CONSTRUCTION (preliminary); with Applied Mechanics (preliminary); Plan-drawing from Specifications and Estimate-making; and the Carpentry and Joinery Sections of the Carpentry, Joinery, Cabinet-making, and Turning Syllabuses.

Group F.—MACHINE CONSTRUCTION AND THE ALLIED SUBJECTS.

MACHINE CONSTRUCTION; with Pure Mathematics (preliminary); Steam and the Steam-Engine; Heat; Statics, Kinetics, Hydrostatics, Hydrokinetics, and Pneumatics (preliminary); and Applied Mechanics (preliminary).

Group G.—MECHANICAL DRAWING AND THE ALLIED SUBJECTS.

MECHANICAL DRAWING; with Pure Mathematics preliminary, first stage); Practical Plane and Solid Geometry; Mensuration; and Drawing and Painting (preliminary, first stage, and the Linear Perspective of the second stage).

Group H.—METALLURGY AND THE ALLIED SUBJECTS.

METALLURGY; with Inorganic Chemistry; and Heat.

[*Group I.*—MINING AND THE ALLIED SUBJECTS.]

PRINCIPLES OF MINING; with Mineralogy; Geology (preliminary); Physiography; Surveying, Levelling, and Setting Out (preliminary); Plan-drawing from Specifications; and Estimate-making; Machine Construction; Steam and the Steam-Engine; and Heat. *In this group there will, till further notification, be no examination.*

Group J.—ELECTRICITY AND THE ALLIED SUBJECTS.

ELECTRICITY AND MAGNETISM (preliminary); with Pure Mathematics (preliminary, first stage) and with either Electrical Engineering (preliminary, A or B), or Electrical Instrument-making (preliminary), or Electro Metallurgy (preliminary).

Group K.—SANITATION AND THE ALLIED SUBJECTS.

HYGIENE (preliminary); Veterinary Surgery and Medicine (preliminary, first stage); Biology (preliminary); Physiography; and Inorganic Chemistry (preliminary).

17. A DIPLOMA signed by His Excellency the Governor, or an officer deputed to sign for him, shall be given to each candidate passing in the first or second class in any one of the groups of higher examinations named below.

The holders of Art Diplomas shall be styled Associates of the Madras School of Arts, and the holders of the other diplomas shall be styled Diplomaed Agriculturists, Diplomaed Foresters, Diplomaed Veterinarians, Diplomaed Electrical Engineers, or Diplomaed Chemists, as the case may be.

ADVANCED GROUP TESTS (FOR DIPLOMAS).

(*Agriculturist's Diploma.*)

The subjects of the Preliminary Group Test, and, in addition, the following:—

AGRICULTURE (advanced); with Economic Entomology; Geology (preliminary); Inorganic Chemistry (advanced); Organic Chemistry; Forestry (preliminary); Animal Physiology (second stage); Veterinary Surgery and Medicine (preliminary, first stage); Pure Mathematics (preliminary, second stage); Statics, Kinetics, Hydrostatics, Hydrokinetics, and Pneumatics (preliminary); Building Materials and Construction (preliminary); Surveying, Levelling, and Setting Out (preliminary); and Hydraulic Engineering (preliminary).

(*Forester's Diploma.*)

The subjects of the Preliminary Group Test, and, in addition, the following:—

FORESTRY (advanced); with Botany (preliminary); Economic Entomology; Geology (preliminary); Pure Mathematics (preliminary, second stage); Building Materials and Construction (preliminary(; Agriculture (preliminary).

(*Veterinarian's Diploma.*)

The subjects of the Preliminary Group Test, and, in addition, the following:—

VETERINARY SURGERY AND MEDICINE (advanced); with Animal Physiology (second stage); Biology; and Inorganic Chemistry (advanced).

(*Electrical Engineer's Diploma.*)

The subjects of the Preliminary Group Test, and, in addition, the following:—

DRAWING, PAINTING, AND DESIGN (advanced, both A and B); with Wood and Copperplate Engraving and Etching.

18. In each subject, PRIZES will be given if, in the opinion of the examiners, any candidates shall possess sufficient merit.

To the candidate who, in the Preliminary Examination, passes highest in the Presidency, and is not more than 22 years of age at the date of examination, there shall be given a medal or

prize, the nature and value of which will be determined hereafter.

To the candidate who passes highest in the Advanced Examination and is not more than 25 years of age at the date of the examination, there shall also be given a medal or prize, the nature and value of which will be determined hereafter.

[In MATHEMATICS prizes will be given only in the Advanced Higher Examination.]

19. If, in the opinion of the examiners, candidates show sufficient merit in any subject, to the first three of those candidates who stand at the head of the list of those who pass in that subject at the Preliminary Examination in any year, SCHOLARSHIPS of Rs. 12, 10, 8, respectively, per mensem, for the next two years will be given, provided they have passed in a subject in which there is an Advanced Examination, and continue to study it in a recognized science, art, or industrial school or class. In each of the subjects in which the Preliminary Examination is divided into stages, and in each of the subjects in which there is only one examination, but that divided into stages, scholarships of half the above amounts, but tenable for one year only, may be given to the three candidates who stand at the head of the list of those who pass in the first stage; provided that in their examination they in the opinion of the examiners show sufficient merit, and that they continue to study the subject in a recognized science, art, or industrial school or class.

No candidate shall be allowed a scholarship in science who has not either at the preliminary examination itself, or at some examination accepted by the Commissioner as equivalent, passed the first stage of pure mathematics and of drawing, respectively, and in one at least of the science subjects of the Middle School Examination.

NOTE.—The object of this restriction is that the student, before commencing an advanced science course, should have acquired such familiarity with the rudiments of mathematics and with practical draughtsmanship as shall enable him to enter with advantage on higher scientific studies.

No student shall be allowed to hold at the same time more than two scholarships. If eligible for more than two at the same time, he shall elect which two he will hold; the scholarship or scholarships rejected passing to the next in order, if, in the opinion of the examiners, he shows sufficient merit.

20. Candidates who pass first or second class in the full preliminary examination in more than one subject, and who, in the opinion of the examiners, show sufficient merit, shall for each additional subject in which they pass, receive REWARDS of Rs. 12 or Rs. 6 according as they pass in the first or second class.

21. Higher or lower grade CERTIFICATES OF CAPACITY AS TEACHERS of Art, Science or Industrial schools or classes will be given to those who pass (*a*) in the first or second class of the preliminary or advanced examinations, respectively, and also (*b*) in such examinations as may be prescribed in the principles of teaching, discipline, and class-management, and in teaching a class before a Government Inspector of Schools. Those desirous of obtaining such certificates of capacity as teachers of science, art or industry will find it to their advantage to attend a short course at a Government or other recognised secondary normal school. Such candidates for teacherships of art, science, or industries will receive a monthly stipend of Rs. 15 per mensem while under training at a Government or other recognised Normal School, provided they satisfy the conditions laid down in the Grant-in-aid Code.

NOTE.—Certificated science teachers, art teachers, and teachers of industries in any recognized college or school, Government or aided, will be eligible for grants under the Grant-in-aid Code. Grants to holders of normal certificates are higher than to holders of ordinary certificates.

22. Candidates must send in their applications for examination *on printed forms*, which may be obtained from all Tahsildars and Treasury Deputy Collectors. Distinct forms, marked A, B, C, D, E, F, G, H, J, and K, respectively, will be supplied to candidates. *N.B.*—Candidates bringing up a subject only as one of the allied subjects in which a candidate must pass for a group certificate or a diploma, and on that ground claiming exemption from examination in the bracketed portions of the syllabus of that subject, must state accordingly on their applications, and must for this purpose obtain special *green* forms, and send in their applications on these, otherwise they will be liable to be examined on the full syllabus, the same as ordinary candidates.

(1) Pupils of a Government or recognized private school or college for general education will be required to make their applications on form A, if males; on form B, if females;
(2) Pupils in special colleges, schools, or classes, and who are not artizans, on form C, if males; on form D, if females;
(3) Artizans attending special classes, on form E, if males; on form F, if females;
(4) Artizans not attending special classes, on form G, if males; on form H, if females;
(5) All other candidates on form J, if males; on form K, if females.

23. This notification will come into effect from this date.

Tinnevelly.—The portion of the district to which the excise system has not already been extended.

Fort St. George, March 26, 1886.

No. 109.—Under section 24 of the Madras Abkári Act (I of 1886), His Excellency the Governor in Council is pleased to prescribe the following rules for regulating the issue of licenses for the sale of foreign liquors from and after the 1st April 1886 within the limits of the Madras Presidency:—

1. The term "foreign liquors" in these rules includes country-brewed beer and spirits manufactured in the country and excised at the rates of import duty applicable to foreign liquors imported.

2. A sale by wholesale means a sale in quantity not less than two imperial gallons or a dozen reputed quart-bottles or two dozen reputed pint-bottles in one transaction.

3. Licenses for the wholesale vend of foreign liquors will be issued at the discretion of Collectors on payment of a fee of Rupees 25.

4. Retail licenses for the sale of foreign liquors shall be of the following descriptions :—

I. *Retail licenses for the sale of liquor not to be drunk on the premises.*—These will be issued on payment of an annual fee of Rupees 100 in Madras or Rupees 50 in the rest of the presidency. The minimum quantity permitted to be sold in one transaction under these licenses will be one reputed pint.

II. *Tavern licenses for the retail sale of liquor to be consumed on the premises.*—The number of these licenses to be allowed in each place and the sites at which taverns may be opened will be fixed beforehand annually by the Collector, and the right to take out licenses for shops at those sites or within two hundred yards therefrom in the same road, street, or lane will then be sold by auction to the highest bidder, subject to a reference to the police as to his personal character. The minimum annual fee for which a tavern license will be granted will be Rupees 50 in Madras and the Nilgiri District and Rupees 15 elsewhere. The annual auctions will be conducted by Collectors or by Divisional Officers at such places and on such days, about the beginning of March in each year, as Collectors may notify. Under these licenses the sale of liquor at any one time to any one person for removal from the premises in a quantity exceeding one reputed pint will be prohibited.

III. *Hotel licenses for the supply of residents in hotels and boarding houses.*—These will be of two classes at annual fees of Rupees 175 or Rupees 100 in Madras, of Rupees 100 or Rupees 50 on the Nilgiris, and of Rupees 50 or Rupees 25 in the rest of the presidency, as may in each case be determined by the Collector. No liquor may be sold under these licenses otherwise than to residents in hotels and boarding houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them. Licensed hotels do not require to take out refreshment-room licenses, except in the event of the establishment of a bar in them.

IV. *Refreshment-room licenses* will be of two classes:

(*a*) For refreshment rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of dâk carriages for the supply on the premises of passengers by such railways or dâk lines. The annual fee payable for each license will be Rupees 25. Under these licenses liquor may be sold to passengers and persons served with eatables in the rooms for consumption on the premises to any extent, provided that no more than two reputed quarts or four reputed pints of each kind of liquor sold at the refreshment room may be sold at one time to any such passenger for removal from the premises.

(*b*) *For refreshment rooms in which the sale of liquor is ordinarily combined with the supply of meals or of eatables prepared and served in the European manner*—annual fee the same as for an hotel license, as may in each case be determined by the Collector. It will at all times be optional with the Collector to withdraw licenses of this description if it should appear that the sale of liquor to persons who have not partaken of meals in the refreshment room is permitted to such an extent or so habitually that the refreshment room may fairly be classed as a tavern. No sale of liquor for removal from the premises will be allowed under these licenses. The premises to be used for the sale of liquor under these licenses must be at least of the monthly rentable value of Rupees 50 in Madras and in Ootacamund and Coonoor Municipalities and of Rupees 25 in the rest of the presidency.

V. *Occasional licenses*, such as licenses for the sale at refreshment stalls in connection with race meetings and public entertainments. These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rupees 100 on each occasion as they may determine. No removal of liquor from the premises will be allowed under these licenses.

VI. *Special licenses* will also be granted under the orders of the Board of Revenue when the circumstances are such as not to allow of the issue of licenses of any of the above descriptions on such terms and conditions and for such periods as they may on each occasion determine.

5. Any two or more of the above kinds of licenses may be granted to the same person for the sale of liquor in the same premises.

6. No premises shall be used for the sale of liquor unless and until approved by the Collector.

7. All orders passed by Collectors under these rules will be subject to appeal to the Board of Revenue, whose decision will be final.

8. All licenses (other than occasional and special licenses) will have effect for the official year, *i.e.*, from 1st April in each year until the 31st March of the following year.

9. The fixed fees exceeding Rupees 50 on licenses other than special and occasional licenses will be payable in two instalments, one half being payable when the license is issued and the other half at the beginning of the second half-year, viz., 1st October. The fees on tavern licenses exceeding Rupees 50 will be levied in four equal instalments—the first on the issue of the license and the other three on 1st July, 1st October, and 1st December of each year respectively.

10. For the convenience of the trade, Collectors will receive and dispose of applications for fixed fee licenses to have effect during the following official year from and after 1st February in each year.

11. All further information may be obtained and forms of licenses may be procured at a charge of two annas each at the offices of Collectors.

12. The Commissioner of Abkári Revenue will issue such subsidiary instructions as may be necessary to the carrying out of these rules.

Fort St. George, March 29, 1886.

TRANSPORT AND POSSESSION OF LIQUOR.

No. 111.—Under sections 10 and 13 of the Madras Abkári Act, 1885, the Right Honorable the Governor in Council is pleased to notify that—

(*a*) Half a gallon of toddy may be transported without permit and be possessed by persons not being licensed manufacturers or vendors of liquor, without license throughout the Presidency.

(*b*) One-sixth of a gallon of country spirits may be transported without permit, and be possessed by persons not being licensed manufacturers or vendors of liquor, without license throughout the Presidency, except in the following local areas:—

RULES FOR THE SUPERVISION AND MANAGEMENT OF PUBLIC DISTILLERIES.

No. 130.—In the exercise of the powers conferred upon him by section 29, clause (*i*), of the Madras Abkári Act, 1886, and of all other powers enabling him in this behalf, the Right Honorable the Governor in Council is pleased to make the following Rules to come into force from 1st April 1886:—

Application for license.
The apparatus to be used to be declared.
Fee to be levied on issue of license.

1. Persons wishing to set up and work stills in a Public Distillery shall apply to the Assistant Commissioner of Salt and Abkári Revenue of the Division in which the Distillery is situated. Applicants must state the description and size of the stills and other permanent apparatus which they propose to use and must, if required, produce the same for the inspection of the Assistant Commissioner. They shall also deposit with their applications a fee of Rs. 25 which will be returned to unsuccessful applicants.

Licenses to be granted by the Assistant Commissioner of Salt and Abkári Revenue.

2. After such inquiry as he deems fit, the Assistant Commissioner may either grant or refuse a license. For this purpose Assistant Commissioners of Salt and Abkári Revenue are hereby vested with the powers of Collectors under sections 4 (*b*) and 12 of the Madras Abkári Act, 1886. If there should be more applicants for licenses than the Distillery can accommodate, the privilege of receiving licenses shall be put up to auction and shall be sold to the highest bidder, subject to the orders of the Commissioner of Salt and Abkári Revenue.

Licenses to be for the official year.

3. Licenses shall be in the appended form and shall be for the official year.

When Public Distilleries to be opened and closed, &c.

4. Public Distilleries shall be opened at sunrise and be closed at sunset except on Sundays and authorized holidays, when they will be closed except under the special order of the Commissioner of Salt and Abkári Revenue and on such conditions as he may prescribe. The keys of Public Distilleries shall always remain in the custody of the Government officer in charge. No still shall be worked before sunrise or later than one hour before sunset.

The admittance into Public Distilleries of persons not having business therein forbidden.

5. The gates of every Public Distillery shall be kept closed except for the entrance and exit of persons who have business within it. Except with the permission of the Inspector of the Circle or other superior officer of the Department of Salt and Abkári Revenue, no one, except officers of that Department and the superior officers of other Government Departments,

distillers, their servants, and licensed vendors who have come to purchase spirits shall be allowed to enter the premises on any pretext. A register shall be kept of the names of all persons employed by distillers each of whom will be supplied with a pass for ingress and egress.

Control over persons entering Public Distilleries, &c.

6. All persons entering a Public Distillery shall be under the orders of the officer in charge in respect of their conduct and proceedings within the Distillery, and shall be liable to search, on their quitting the premises, at the discretion of the officer in charge.

Allotment of space in which to set up and work stills.

7. Such space within the Distillery enclosure as the Commissioner may determine with reference to the available area will be assigned to each licensed distiller, in which to fix his stills and other apparatus and to keep his wash and the materials used by him in distillation; and in which, if no buildings already exist, he will also be allowed to erect suitable buildings for the purposes of his business at his own cost. Such buildings, if any are required, must be of such description and design as the Commissioner may approve. They must be constructed within thirty days of the issue of license.

Number and capacity of stills to be used. Inventory of apparatus to be furnished.

8. No still shall be of a greater capacity than one hundred or of a less capacity than thirty imperial gallons. No licensed distiller shall set up more than two stills. The capacity of each still shall be legibly marked upon it. The distiller shall give to the officer in charge an inventory of all the permanent apparatus (earthenware fermenting and water pots excepted) which he may intend to take into use and which were not entered in his original application, not less than two clear working days before he uses any of them.

Accounts to be kept by distillers. The gauging, proof and storage of spirits.

9. Distillers shall keep a regular account of their distillation, showing the quantities and descriptions of the materials used each day, the quantities of wash and of spirits manufactured daily, the quantity of wash used daily, the quantity of spirits passed out and the quantities of wash and of spirits in store. All the spirits distilled each day shall first be gauged and proved, and shall then be stored separately from the distillations of other days. All proving, gauging and storage must be completed before sunset on each day. The quantity, temperature and strength of each lot of spirits shall be recorded on a ticket signed by the officer who proves and gauges the spirits and this ticket shall be affixed to the receptacle in which the spirits are stored. Whenever spirits are taken out of the vessel the quantity taken out shall be noted on the ticket.

Spirits to be kept in store-room.

10. All spirits shall be kept in a store-room which will be provided by Government for the purpose and the key of which will be kept by the officer in charge, and shall at all times be open to gauging and proof by the officer in charge of the Distillery or other superior Abkári officer. Government shall not be held responsible for the destruction, loss or damage of any spirits so stored by fire or theft, or by gauging or proof, or by any other cause whatever.

Distillers' accounts to be open to inspection.

11. The accounts of each distiller shall be open at all times to the inspection of the officer in charge of the Distillery and of all superior officers of the Department of Salt and Abkári Revenue.

Preparation of wash. Wash not to be removed.

12. No wash shall be prepared except within the Distillery, nor shall any wash be on any account removed from the Distillery.

Spirits not to be removed from the store except for rectification and return, &c.

13. No spirits shall be removed from the spirit-store in a Public Distillery except for rectification and return of the product to store or for removal form the Distillery on payment of duty.

Spirits not to be removed from the Distillery except on payment of duty.

14. No spirits shall be removed from a Public Distillery until duty has been paid thereon, according to their strength as ascertained and recorded under Rule 9, to such officer as the Commissioner may direct, or unless covered by a permit from the officer in charge of the Distillery. Spirits will be gauged and proved for issue and permits will be granted under the separate Rules dealing with these subjects which are now in force, or which may hereafter be framed.

Duty on wastage of spirits to be paid by distillers.

15. If, on the examination of the spirits contained in any receptacle by the Inspector of the Circle or other superior Abkári officer, or on the completion of the issue thereof, it shall be found that there has been any such decrease

in the quantity or strength of such spirits, or of both, when compared with the quantity or strength thereof or of both recorded under Rule 9, as will lead to a decrease exceeding one per centum in the duty leviable thereon, the owner of such spirits shall forthwith pay the duty, at the rate payable on country spirits declared for consumption in the local area in which the Public Distillery is situated, on so much, less one per centum, of the whole recorded quantity of such spirits of the recorded strength as shall not already have been removed on payment of duty; and shall also, forthwith, remove from the Distillery the remainder of such spirits, if any, for consumption in the said local area.

Provided that if it shall be proved to the satisfaction of the Commissioner, or of such officer as he shall appoint, that such decrease has been caused by accident or other unavoidable cause, such payment as shall have been made in excess of the duty leviable on the quantity of such spirits actually issued shall be refunded.

Saccharine matter not to be introduced into spirits before proof.

16. No saccharine or other matter of such a nature as to obscure the indications of the hydrometer shall be introduced into spirits made in a Public Distillery after they have been drawn from the still and before they are proved.

Strengths at which spirits may be made and issued.

17. Spirits may be made and kept in store of such strengths as distillers shall deem fit, but shall not be passed out of a Public Distillery except at such strengths as country spirits are permitted to be sold at in the local areas for consumption in which they are declared.

Spirits may be blended in store.

Allowance for wastage in blending.

18. In order that they may be able to issue spirits at the exact strengths at which their sale is allowed, distillers will be permitted, on application to the officer in charge of the Distillery, to blend spirits in store. Blended spirits must be kept in a separate receptacle and must be entered on a separate ticket, as provided in Rule 9. An allowance not exceeding one per cent. will be made for wastage in the operation of blending. If any coloring or flavoring matter is added to blended spirits before they have been proved and gauged, the above allowance for wastage shall be withheld and duty shall be collected on the blended spirits according to the strengths and quantities entered on the tickets affixed to the receptacles in which the spirits employed in making the blend were originally contained.

Distillery fee to be levied.

19. In addition to the prescribed duty, a fee at such rate, not exceeding one anna per imperial gallon, as the Commissioner may from time to time prescribe, will be levied on each imperial gallon of spirits removed from the Distillery, as payment for the use of the Distillery premises, and the contingent expenses connected therewith. The above fee shall be paid as spirits are removed.

Rent to be paid by distillers.

20. Each distiller shall also pay such monthly rent as the Commissioner may prescribe, not exceeding the sum of Rs. 50, for the purposes defined in the last preceding Rule. The said rent shall be payable on the first day of each month on account of the preceding month. Provided that distillers shall be authorized to deduct from the amount of rent thus payable by them a sum equal to the total of the fees which they have paid during the preceding month under the last preceding Rule. Provided also that, if the total of such fees shall exceed the amount of such rent, the excess shall not be refunded.

Godown rent to be charged on spirits left in store.

21. Godown rent at such rate as the Commissioner may from time to time prescribe, not exceeding the rates given in the margin,* will be charged for all spirits left in the spirit store for longer than ten days from the date of manufacture. Godown rent must be paid before the removal of the spirits. No smaller sum than one rupee will be charged as godown rent in each case.

* For each hogshead or smaller receptacle, three rupees per mensem, and proportionately for larger receptacles.

Noxious materials not to be used.

22. The materials to be used in distilling shall be of good quality, and no ingredients noxious to health shall be used in distillation or be put into the spirits after they have been made.

Distillers to make deposits.

23. Each distiller shall lodge with the Assistant Commissioner such a sum not exceeding Rs. 200 in cash, Government Promissory Notes, Stock Notes or Savings Bank accounts as the Commissioner may direct, as security for his due observance of the preceding and all other Rules. In case of neglect or refusal to make deposit within ten days of the date on which the approval of his application for a license shall have been communicated to an applicant, such approval may be withdrawn and the fee already deposited may be forfeited at the discretion of the Commissioner.

Spirits, how to be disposed of.

24. The spirits distilled under these Rules, unless methylated under the Rules prescribed by the Board of Revenue,

(i) shall be exported by sea; or
(ii) shall be sold to the officers of Government empowered to purchase the same on account of the public service; or
(iii) may be issued for local consumption on payment of duty at the prescribed rates.

To whom spirits may be sold.

25. Spirits may be issued for local consumption only

(i) to licensed vendors of foreign liquors; and
(ii) to private persons as foreign liquor for domestic consumption but not for sale;

throughout the Presidency; and

(iii) to licensed arrack vend monopoly farmers;
(iv) to licensed arrack shopkeepers in districts and towns in which the arrack shops are separately sold; and
(v) to licensed wholesale vendors of country spirits;

in the following districts and parts of districts:—

Cuddapah.	Chingleput.	Coimbatore.
Anantapur.	North Arcot.	Nílgiris.
Bellary.	Tanjore.	Salem.
Kurnool (portion west of Nallamalais).	Trichinopoly.	Wynaad taluk of Malabar.
	Madura.	
Madras.	Tinnevelly.	

Duty leviable on spirits.

26. Duty shall be paid on spirits issued to the persons mentioned in Rule 25, clauses (i) and (ii), at the rate of Rs. 4 per gallon of strengths of or below London proof and proportionately for higher strengths, or at such other rates as may from time to time be fixed as duty on spirits imported by sea; and on spirits issued to the persons mentioned in clauses (iii), (iv) and (v) of Rule 25 at such rate as may from time to time be prescribed by the Governor in Council under section 17 (*d*) of the Madras Abkári Act, 1886, for the local area for consumption in which the spirits are declared.

Minimum quantity of spirits to be issued.

27. No smaller quantity of spirits shall be sold at any one time to any of the persons mentioned in Rule 25 than the following:—

	IMP. GALS.
To a person mentioned in clauses (i), (ii), (iii) or (v)	4
Do. in clause (iv)	1

Distillers bound to report breaches committed by their servants, &c.

28. If it comes to the knowledge of a distiller that any person employed by him in the manufacture, carriage or sale of spirits has committed any breach of the Abkári laws or of the engagements entered into by him, it shall be his duty to report the matter to the officer in charge of the Distillery, and to comply with the directions of that officer respecting the continued employment of such person.

Effects of breach of Rules, &c.

29. In case of any breach of these Rules or of the conditions of the license either by a distiller, or, with his connivance and privity by any person in his employment, it shall be competent to the Assistant Commissioner to impose upon him a fine not exceeding the sum of Rs. 15 for every such breach of such Rules, or conditions, or, at the option of the Assistant Commissioner, to declare the money deposited with him forfeited, and to cancel the license. It shall be lawful for the Assistant Commissioner to deduct the amount of all fines imposed under this clause from the sum deposited by the distiller as security for the due performance of the conditions of the license, and for this purpose the Assistant Commissioner may sell any or all of the Government Promissory Notes or Stock Notes deposited by the distiller.

Prosecution not excused on the ground of fines, &c.

30. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of any person for any offence which may be committed against the provisions of the Madras Abkári Act, 1886, or other law for the time being in force and relating to the Abkári Revenue.

Forfeiture of license on conviction, &c.

31. If a distiller should be convicted on prosecution before a Magistrate of any offence against the Madras Abkári Act, 1886, or other law for the time being in force and relating to the Abkári Revenue, it shall be lawful for the Assistant Commissioner to declare his license forfeited.

32. All sums payable to Government by a distiller may be deducted from the amount of his deposit, or recovered by attachment and sale of his property under any law for the time being in force for the recovery of arrears of Land Revenue.

Recovery of sums payable by distillers.

33. Any sum deducted by the Assistant Commissioner under the powers herein contained from the amount deposited by a distiller as security for the due performance of the contract, shall be replaced by the latter within fifteen days from the date of receipt of a notice from the Assistant Commissioner informing him of such deduction having been made.

Distillers to replace deposits.

34. On the expiry of his license (unless a fresh license shall have been granted him for the next official year,) or if his license shall be cancelled or suspended, a distiller shall be bound forthwith to remove all stills and other apparatus and receptacles and also all buildings belonging to him which may be within the Distillery; and if he shall fail to do so within ten days of the receipt of written notice from the Assistant Commissioner so to do, the same shall be forfeited.

Removal of stills, &c., after expiry of license.

35. The officer in charge of a Public Distillery may eject and exclude from the premises any distiller or other person whom he shall find to have committed or to be about to commit any breach of these Rules, or of the provisions of the Madras Abkári Act, 1886, or who shall be intoxicated, riotous or disorderly. All action taken by any such officer under this Rule shall forthwith be recorded by him in writing in his official diary for the information of his official superiors.

Ejection of riotous persons, &c.

36. Distillers shall be bound by all additional general rules for the management of Public Distilleries or for the issue of spirits therefrom which may already be in force or which may hereafter be prescribed under the existing Abkári law or under any law which may hereafter be enacted, and shall cause all persons employed by them in the manufacture, issue or carriage of spirits to obey all such rules.

Distillers bound to obey all additional Rules.

37. Distillers shall execute engagements to the Assistant Commissioner agreeing to be bound by the above Rules and stipulations for themselves, their heirs, legal representatives and assigns.

Distillers to execute engagements.

38. Except as otherwise provided, all orders passed and proceedings taken under these Rules by officers of the Department of Salt and Abkári Revenue shall be subject to appeal to their respective immediate superiors within two months. The decision of the Commissioner on any such appeal shall be final.

Appeal.

MUHAMMADAN EDUCATIONAL ENDOWMENTS.

The Government Committee now considering the question of the appropriation of Muhammadan Educational Endowments are ready to receive representations from any persons who may have complaints to make on that subject. The question under investigation is, whether in endowments made by Nawabs or Rajahs for Durgahs, Shrines, &c., there are any cases where a portion was set aside originally for educational purposes, but is now not being so employed.

2. Petitions should be addressed to the President, Muhammadan Endowment Committee, Fort St. George, Madras.

UNIVERSITY OF MADRAS.

The following amendments and additions to Bye-laws adopted by the Senate and sanctioned by His Excellency the Governor in Council are published for general information :—

Bye-law 174, page 553 of the Calendar—

For " Candidates for the degree of M.A. shall be examined in one or other of the following branches of knowledge,"

Read " No candidate shall be eligible for the degree of M.A. until he has passed in at least one of the following branches of knowledge; but, while he may pass in two or more branches before he proceeds to the degree of M.A., he shall in no case be permitted to appear in two branches in the same year."

For " Bye-law 172, page 65 of the Calendar,"

Read " No candidate shall be registered unless he has previously paid a fee of fifty rupees which shall cover the examination in any one of the branches of knowledge hereinafter specified. Candidates failing to pass one examination may be admitted to subsequent examinations in the same or any other branch on payment of a like fee of fifty rupees on each occasion."

Bye-law 269 (*a*)—

After the word "teachers" omit the word "and," and after the word "desired" add the words " and the days on which their terms begin and end."

[To be inserted after "Rules of Affiliation" under the heading "Certificates required under section 12 of the Act of Incorporation."]

The grant of the term certificate shall be entirely at the discretion of the authorities of the various affiliated colleges, subject to the following conditions :—

(*a*) The certificate shall not be granted in ordinary cases unless a student has attended three-fourths of the number of working days in a term, and shall not be granted in any case unless a student has attended two-thirds of the number of working days in a term.

(*b*) The certificate shall not be granted unless a student has completed the course of instruction to the satisfaction of the authorities of his college.

If a student who has been refused a certificate should appeal to the University against such refusal, the Syndicate shall be prepared, if they see cause, to admit him to examination as a private student.

The certificate shall be drawn up in the form given below :—

ADMISSION OF SOLDIER STUDENTS.

A competitive examination for admission to the College of Engineering, Madras, will be held on Monday, 5th July 1886. The examination will be conducted by means of papers forwarded from the College to Officers Commanding Regiments and Batteries, who are requested to detail one or more officers to superintend the examination in accordance with rules which will be furnished with the papers. Candidates from Madras, St. Thomas' Mount, and Poonamallee will be examined at the College.

2. Candidates must—
(a) be non-commissioned officers or men of Her Majesty's British Forces of not less than two years' service and under twenty-five years of age;
(b) have uniformly conducted themselves to the satisfaction of their Commanding Officers in the discharge of their duties;
(c) be thoroughly trustworthy and well-conducted men, who can be relied on to superintend native workmen and to treat them in a becoming manner.

3. Applications from Commanding Officers for the examination of such men as they may recommend for admission should reach the Principal not later than 15th June, and should be accompanied by the following documents, viz.:—
(a) Extract from Troop and Company or Battery Defaulter Sheet.
(b) Do. from third page of Attestation.
(c) Do. from Court-Martial Sheet.
(d) Certificate of sound health and unimpaired constitution from a Commissioned Medical Officer.

Each application should state whether the candidate is married.

4. The entrance examination, which occupies one day, comprises the following subjects:—

	MARKS.
Arithmetic.—The whole subject; one three-hour paper	100
English Dictation	50
English Grammar and Composition.—Grammatical rules, construction of sentences, short essay; one two-hour paper	50
Total ..	200

Qualifying minimum—100 marks

5. The first five qualified candidates will be admitted, and will join the College on the first Monday in August. At the expiration of a year they will undergo an examination in Arithmetic, Algebra, Geometry, and Vernacular Language, and those who are successful will be admitted to the Engineer Subordinates' Class for the regular course of technical study.

NOTE.—Soldier students will be under the command of the Principal, or, in his absence, of the officer acting for him. They will reside in barracks and quarters attached to the College, and will wear the undress uniform of their regiments. They are exempt from payment of College fees and are supplied with the text-books in use and with drawing instruments, colors, &c., gratis.

GOVERNMENT COPYRIGHT.

NOTICE TO PRINTERS AND PUBLISHERS.

Penalty for infringement of Government copyright.

It having been brought to the notice of the Director of Public Instruction that Government copyright works are occasionally reprinted and published with notes or otherwise without authority, and as ignorance is generally pleaded an excuse when an explanation is called for, it is hereby notified that, should any person reprint, or cause to be reprinted, wholly or in part and with or without notes, glossaries, translations or other additions, any book the copyright of which vests in the Government of Madras without the consent in writing of the Government as proprietors, or have in his possession for sale or hire any Government book so unlawfully printed without such consent, such offender makes himself liable to a special action for damages under section 7 of the Copyright Act (XX of 1847). And all printed copies of such work are forfeited to the copyright proprietor under section 12 of the same Act.

Registry Book open to inspection, and copies of entries how procurable.

2. All printers and publishers are further informed that, under section 3 of the Copyright Act, the Registry Book kept at this office is open to inspection at all reasonable times on payment at this office of eight annas for every entry which any person may require to be searched for or inspected in the said book, and therefore such person can thus inspect it to satisfy himself whether the Government copyright has been registered or not, or he can obtain, if required, a copy of any entry in such book, certified under the Registrar's hand, on payment of Rupees 2.

3. The requisite information being thus obtainable from the Registry Book, as well as from the Quarterly Catalogues of all registered works published in the *Fort St. George Gazette*, there can be no excuse for any infringement of the Government copyright on plea of ignorance. On the contrary, the unauthorized publication of such copyright book will be presumed to be intentional, and all the parties concerned are therefore hereby warned against the consequences of violating the rights of Government.

NOTICES TO MARINERS.

[No. 50.]

FRANCE—NORTH COAST.

(1) FOG SIGNAL AT POINTE D'AILLY.

The French Government has given Notice, dated 3rd February 1886, that a fog signal has been established at pointe d'Ailly:—

The signal is a steam trumpet, which, during thick or foggy weather, will give *two* consecutive blasts *every forty seconds*, each blast lasting *three seconds*, separated by an interval of *two seconds.*

PORTUGAL—WEST COAST.

RIVER MONDEGO ENTRANCE.

(2) PORT FIGUEIRA—HARBOUR LIGHT ON FORT SANTA CATHERINA.

The Portuguese Government has given Notice, that on 28th February 1886, a harbour light would be exhibited from a lighthouse erected in the south-west angle of Fort Santa Catherina, port Figueira, northern side of river Mondego entrance:—

The light is a *fixed* white light of the fifth order, visible through an arc of 270°, or between the bearings of S. 16½° W., through east, and N. 73½° W.; it is elevated 36 feet above high water, and should be seen in clear weather from a distance of about 11 miles.

The lighthouse, 27 feet high, is constructed of iron; the cupola of the lantern is provisionally painted green, the tower is red.

Position, lat. 40° 8′ 45″ N., long. 8° 51′ 55″ W.

(*The bearings are Magnetic, and are given from seaward. Variation* 20° *Westerly in* 1886.)

CANADA—RIVER ST. LAWRENCE.

SOUTH CHANNEL.

(1) ALTERATIONS IN CRANE ISLAND LIGHT.

The Government of the Dominion of Canada has given Notice, dated 21st January 1886, that on 1st June 1885, the light on Crane island, northern side of South channel, was discontinued in the old lighthouse; and exhibited from a new lighthouse erected near the extremity of the new pier, 40 yards nearer the channel than the old light:—

The light is, as heretofore, a *fixed* white light; it is elevated 47 feet above high water, and should be visible in clear weather from a distance of 12 miles.

The lighthouse, 48 feet high, is an octagonal wooden tower, painted white; the keeper's dwelling is on the shore near the head of the pier. The old lighthouse and attached dwelling have been demolished.

Position, lat. 47° 3′ 00″ N., long. 70° 32′ 25″ W.

ORLEANS CHANNEL.

Also, dated 21st January 1886, that on 20th October 1885, the undermentioned leading lights were exhibited to guide through Orleans channel, northern side of isle of Orleans, below Quebec:—

(2) LEADING LIGHTS AT STE. FAMILLE.

The leading lights at Ste. Famille, south side of the channel, are *fixed* white lights.

The front light, shown from a mast, 50 feet high (white shed at base), on the beach near a stone mill, is elevated 50 feet above high water, and should be visible in clear weather from a distance of 12 miles. The illuminating apparatus is dioptric, or by lenses, of small power.

Position, lat. 46° 58′ 00″ N., long. 70° 58′ 55″ W.

The back light, shown from a lighthouse on the summit of a hill about a quarter of a mile south-west of the church, is elevated 110 feet above high water, and should be visible in clear weather from a distance of 16 miles; it bears N. 70° E. from the front light, distant 890 yards. The illuminating apparatus is catoptric, or by reflectors.

The lighthouse, 21 feet high, constructed of wood and square in shape, is white, with red roof.

These lights kept in line lead through the channel, in the best water and clear of all obstructions, from the intersection with St. Pierre leading lights in line off Islets shallow, to the intersection with Ange Gardien leading lights in line off Pavillon point black buoy.

(3) LEADING LIGHTS AT ST. PIERRE.

The leading lights at St. Pierre, south side of the channel, are *fixed* white lights.

The front light, shown from a lighthouse on the point at the narrowest part of the channel, is elevated 20 feet above high water, and should be visible in clear weather from a distance of 9 miles. The illuminating apparatus is catoptric, or by reflectors.

The lighthouse, 23 feet high, constructed of wood and square in shape, is white, with red roof.

Position, lat. 46° 55′ 45″ N., 71° 2′ 30″ W.

The back light, shown from a mast, 50 feet high (white shed at base), is elevated 50 feet above high water, and should be visible in clear weather from a distance of 12 miles; it bears S. 59° W. from the front light, distant 180 yards. The illuminating apparatus is dioptric, or by lenses, of small power.

These lights kept in line lead clear of all obstructions, from mid-channel off St. Famille wharf to the intersection with Ste. Famille leading lights in line.

(4) LEADING LIGHTS AT ANGE GARDIEN.

The leading lights at Ange Gardien, north side of the channel and below Montmorenci falls, are *fixed* white lights.

The front light, shown from a lighthouse on the point, is elevated 20 feet above high water, and should be visible in clear weather from a distance of 9 miles. The illuminating apparatus is catoptric, or by reflectors.

The lighthouse, 23 feet high, constructed of wood and square in shape, is white, with red roof.

Position, lat. 46° 53′ 50″ N., long. 71° 7′ 50″ W.

The back light, shown from a lighthouse on the hill-side, is elevated 33 feet above high water, and should be visible in clear weather from a distance of 11 miles; it bears S. 44° W. from the front light, distant 440 yards. The illuminating apparatus is catoptric, or by reflectors.

The lighthouse, 21 feet high, constructed of wood and square in shape, is white, with red roof.

These lights kept in line lead clear of all obstructions, from the intersection with Ste. Famille leading lights in line to the junction of Orleans channel with Ship or South channel, opposite West point, isle of Orleans.

NOTE.—These three pairs of leading lights, used in conjunction with the buoys, lead through the best water of Orleans channel, from off St. Anne to the western end of the channel. The lights are visible only over a small arc on each side of the line of the leading lines.

INDIAN OCEAN.

CHAGOS ARCHIPELAGO.

Reported Bank Westward of Diego Garcia.

Information has been received from Mr. W. Wight, commanding the British steam vessel *Delhi*, of the existence of a bank lying about 10 miles S.S.E. of Pitt bank, and about 53 miles westward of Diego Garcia:—

This bank (*Wight bank*) was seen from the poop of the *Delhi* (drawing 24½ feet) at noon of 25th December 1885, the bottom, of coral and sand, being distinctly visible; the engines were immediately stopped, and a sounding of 10 fathoms was obtained; as the vessel forged to the eastward, the water gradually shoaled to 4¾ fathoms, the engines were then reversed at full speed for about five minutes, and a south course afterwards steered, the bottom being then lost sight of.

Position by reliable observations—the chronometer being found practically correct on arrival at Diego Garcia—lat. 7° 25′ S., long. 71° 28′ E.

Note.—As it is possible that less water than above given, may exist on Wight bank, Mariners should navigate in the vicinity with caution.

The Standard Barometer and Thermometers are read at 10 A.M., 4 P.M., and 10 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind and rain registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 0·88 inch, the average due for the same period being 1·90 inches.

II. Tenders must specify the rate per gallon of the strength of 30° under proof which the tenderers are prepared to pay to Government for the privilege above described.

III. Each tender must be accompanied by a deposit of Rupees 500 in cash or currency notes and be enclosed in a cover superscribed with the words "Tenders for the exclusive privilege of manufacture and supply of country spirits in the Godavari and Kistna Districts." Each tender must be sent to the Collector of Kistna together with a sample of twelve quart-bottles of the spirits proposed to be supplied before 12 o'clock noon on the 30th of April 1886, after which no tender will be received.

IV. The tenders will be opened by the Collector in public on the 1st May 1886 at 12 o'clock noon. The final disposal of the tenders will rest with the Board of Revenue, to whom the Collector will forward, through the Commissioner of Salt and Abkári Revenue, all the tenders he receives. The Board will have full power to accept such tender as they may deem best for the public interests, or to reject all those received, without assigning any reasons.

V. The decision of the Board in each case will be announced on or before the 15th May 1886 and be communicated direct to the tenderers concerned, and the deposits of the unsuccessful tenderers, on application to the Collector, will then be returned to them.

VI. The person whose tender has been accepted shall, within one week after the Board's decision has been communicated to him, deposit a sum of Rs. 1,000 in Cash or Government Promissory Notes endorsed to the Collector, inclusive of the sum deposited with the tender, and, if he fails to do so, the Board's decision accepting the tender will be cancelled, the deposit already made will be forfeited, and the Board will come to a new decision on the tenders already received, or will otherwise dispose of the exclusive privilege at their discretion.

VII. When the full deposit of Rupees 1,000 as described above is made, the person whose tender and final deposit have been accepted shall execute an agreement binding the said person for himself, his heirs, successors and assigns to the conditions hereinafter set forth and hypothecating the Distillery buildings, machinery, implements, apparatus, stock of liquor, &c., as security for the payment of all sums which may become due to Government by way of duty, rents, penalties, fines, or other payments due under the provisions of the license to be granted to him, and, if he fails or refuses to sign

the agreement (a copy of which may be obtained from the Collector) within a week from completion of the deposits, the deposits already made will be forfeited and the exclusive privilege will be assigned otherwise as the Collector may determine.

VIII. As soon as the agreement has been executed, the Collector will issue a license assigning to the party whose tender has been accepted, and who has made the required deposits and executed the above agreement, the exclusive privilege described in the first clause of this notice, subject to the following conditions:—

CONDITIONS.

1. The licensee shall establish either a distillery or a depôt of excise at his option at Bezvada (Kistna District) in such buildings as shall be approved by the Collector of the District. The distillery or depôt shall be open at all times to inspection by the Collector or any subordinate whom he may depute for the purpose.

2. The licensee shall have the exclusive privilege—

Guntur. Palnad. Sattenapalle. Vinukonda. | Narsaraopet. Nandigama. Bezvada.

(i) of manufacturing and supplying country spirits to licensed arrack vend farmers in the marginally-noted taluks of the Kistna District and to independent arrack shopkeepers in the Towns of Masulipatam, Bezvada, and Guntur; and

(ii) of supplying country spirits of the strengths of 20° and 30° under London proof to licensed renters in the remainder of the Kistna District and throughout the whole of the Godavari District (including the independent arrack shopkeepers in Rajahmundry and Ellore Towns).

3. The licensee shall so arrange his stills that their worms shall discharge into closed and locked receivers, to be provided by him and to be approved by the Collector, of such description that no spirits can be removed from them until they are unlocked. He shall also provide and maintain suitable and secure fastenings to all stills, spirit receivers, doors, &c., to the satisfaction of the Collector, for the attachment of locks to be provided by Government. The keys of all such locks will be retained by the Government Officer in charge of the Distillery or Depôt of Excise, but the licensee will be at liberty to affix his own locks also on all stills, receivers, doors, &c., on which Government locks are placed, provided that he shall always, on the requisition of the Collector or of the Officer in charge of the Distillery, immediately remove his locks so as to allow the free inspection of the stills and receivers on which, and of the rooms on the doors of which, they are placed and of all the contents thereof.

4. An account will be taken of the licensee's stock of spirits at such intervals, not being greater than three months, as the Collector may direct, and the licensee shall pay to Government duty at the rate of Rupees 4 per gallon of spirits of the strength of London proof, and proportionately for higher or lower strengths, for all spirits which may not be forthcoming, and for which he shall be unable to account to the satisfaction of the Collector in excess of an allowance of 2½ per cent. which will be made him for wastage.

5. No spirits shall be taken out of the Distillery or Depôt of Excise until they have been gauged and proved by the officer appointed for the purpose. No undistilled wash shall be removed from the Distillery under any circumstances whatever.

6. When spirits, on being brought up to be gauged and passed outwards for consumption, are found to be bad or unfit for consumption, the Collector may order them to be destroyed.

7. Spirits shall be issued under this license only to the licensed persons mentioned in condition 1 and shall be of the strengths of 20°, or of 30°, or of 60° under proof and of no other strengths.

8. The licensed persons aforesaid shall be entitled to have spirits issued to them, with all reasonable expedition, in such quantities as may be required, on payment of the still-head charge at the following rates, either direct to the licensee at the Distillery or Depôt of Excise or at any Depôt of Issue established under condition 9, or into a Government treasury, as may be most convenient to them:—

9. The licensee shall maintain Depôts of Excised Liquor at Masulipatam, Guntur, and Rajahmundry to facilitate the supply of spirits to the shops therein and to arrack vend farmers and to licensed renters.

10. If the licensee fails to issue spirits as specified in condition 8 within twenty-four hours (exclusive of intervening recognized holidays) after the receipt of the still-head charge, if it has been paid direct to him or after the receipt of the order from the Treasury officer for issue of spirits, if the amount has been paid into a Government treasury, he shall be liable to pay a penalty to be fixed at the discretion of the Collector at a rate not exceeding Rupees 5 per gallon of spirits not supplied for every day during which the failure continues. The penalty may be enforced by deducting the amount from any sums found due by Government to the licensee or from any deposit made by him as security for the fulfilment of his engagement. The Collector may further, in such case, purchase spirits elsewhere for supply to the aforesaid licensed persons and recover the cost thereof from the still-head charge paid direct to Government by arrack vend farmers, licensed renters and shopkeepers, and any loss of Government duty entailed by such arrangement shall be recovered from the licensee in the manner above laid down or, if necessary, under the provisions of Madras Act II of 1864.

11. The spirits issued shall be of good quality and not inferior in any way to the samples furnished by the licensee with his tender. The arrack vend farmers, licensed renters, or the shopkeepers, as the case may be, shall only be entitled to object to the quality of spirits before taking delivery, and the validity of such objection shall be decided by the Collector, or by an officer deputed by the Collector and not inferior in rank to a Deputy Collector subject to appeal to the Collector, whose decision in the matter shall in all cases be final. No objection made after delivery is taken shall be heard.

12. The materials to be used in distilling shall be of good quality, and no ingredients noxious to health shall be used in distillation or put into the spirits after they have been made.

13. The licensee shall keep true accounts of the quantity and strength of the spirits manufactured or received at, issued from, and remaining in the Distillery or Depôt of Excise. Such accounts shall be produced when required for inspection by the Collector or by any other officer appointed by him, and the licensee shall be bound to furnish such information or returns as may be required by the Collector from time to time relating to the manufacture and issue of country spirits.

14. The licensee will be at liberty to commence distilling or storing in the Depôt of Excise one month before the first day of July 1886, but no spirits so distilled or stored shall be sold or be allowed to pass out of the custody of himself or his servants before that date, unless otherwise permitted by the Collector in view to outlying depôts being supplied with spirits by the said date.

15. Every person employed by the licensee to superintend the Distillery or depôt shall, before entering upon his employment, execute the engagements prescribed by law, forms of which may be obtained from the Collector. All engagements entered into by persons to be employed by him on the 1st July 1886 shall be deposited with the Collector within one month from that date or of the date of executing the engagement.

16. If it comes to the knowledge of the licensee that any person employed by him in the prosecution of his business as the monopoly supplier of country spirits under this license commits any breach of the Abkári laws or of the engagements entered into by him, it shall be his duty to report the matter to the Collector, and to comply with the directions of the Collector respecting the continued employment of such person.

17. Accounts will be adjusted for each month within the 15th day of the month following, in order to the due distribution between Government and the licensee of the sums paid by arrack vend farmers, licensed renters and shopkeepers as still-head charge either direct to the licensee or into Government treasuries, and any sums then found due by either party to the other shall be paid at once. In default of such payment by the licensee, interest shall be payable upon all moneys due at the rate of six per cent. per annum.

18. All sums payable by the licensee may be deducted from the amount of his deposit or recovered by attachment and sale of his hypothecated or other property under any law for the time being in force for the recovery of arrears of land revenue.

19. Any sum deducted by the Collector, under the powers herein contained, from the amount deposited by the licensee as security for the due performance of the contract shall be replaced by the latter within fifteen days from the date of receipt of a notice from the Collector informing him of such deduction having been made.

20. In case of any breach of the conditions of the license either by the licensee, or, with his connivance and privity, by any person in his employment, it shall be competent to the Collector to impose upon him a fine not exceeding the sum of Rupees 50 for every breach of such conditions, or, at the option of the Collector, to declare the money deposited with him forfeited and to cancel the license. It shall be lawful for the Collector to deduct the amount of all fines imposed under this clause from the sum deposited by the licensee as security for the due performance of the conditions of the license.

21. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of any person for any offence which may be committed against the provisions of the Madras Abkári Act, 1886, or other law for the time being in force and relating to the Abkári revenue.

22. If the licensee should be convicted, on prosecution before a Magistrate, of any offence against the Madras Abkári Act, 1886, or other law for the time being in force and relating to the Abkári revenue, it shall be lawful for the Collector to declare his license forfeited.

23. The licensee shall be bound by any additional rules which may from time to time be prescribed under the existing Abkâri law or under any law which may hereafter be enacted, and he shall cause all persons employed by him in the prosecution of his business as monopoly supplier of country spirits under this license to obey such additional rules.

FORT ST. GEORGE GAZETTE SUPPLEMENT.

WEDNESDAY EVENING, APRIL 14, 1886.

Bill introduced into the Council of the Governor of Fort St. George for making Laws and Regulations.

The following Bill, which is under the consideration of the Select Committee appointed by the Legislative Council held on the 30th ultimo, is republished for general information with those amendments which have, up to date and provisionally, been adopted by the Select Committee :—

No. 3 of 1886.

A Bill to secure to the Tenants in the Malabar District the Market-value of their Improvements.

Preamble.

Whereas it is expedient to amend and declare the law relating to compensation for improvements by tenants in the Malabar District; It is hereby enacted as follows:—

Short title.

Local extent and commencement.

1. This Act may be called "The Malabar Compensation for Tenants' Improvements Act, 1886." It shall be applicable to the Malabar District and shall come into force at once.

Definitions.

2. In this Act, unless there is something repugnant in the contex to rsubject,—

"Tenant."

(1) "Tenant" means a person who holds land under another person and is, or, but for a special contract *or custom*, would be liable to pay rent for that land to that person.

"Landlord."

(2) "Landlord" means a person immediately under whom a tenant holds.

"Rent."

(3) "*Rent*" *means whatever is lawfully payable or deliverable in money or kind by a tenant to his landlord on account of the use or occupation of the land held by the tenant.*

"Improvement."

3. (1) For the purposes of this Act, the term "improvement" means any work which adds to the value of the holding which is suitable to the holding and consistent with the purpose for which it was let.

What are deemed to be improvements.

(2) Until the contrary is shown, the following shall be presumed to be improvements within the meaning of this Act:—

(*a*) the erection of dwelling houses, buildings appurtenant thereto, and farm buildings;

(*b*) the construction of tanks, wells, channels, dams, and other works for the storage or supply of water for agricultural or domestic purposes;

(*c*) the preparation of land for irrigation and the conversion of one-crop into two-crop land;

(*d*) the drainage, reclamation from rivers or other waters, or protection from floods, or from erosion or other damage by water, of land used for agricultural purposes, or waste land which is culturable;

(*e*) the reclamation, clearance, enclosure, or permanent improvement of land for agricultural purposes;

(*f*) the renewal or reconstruction of any of the foregoing works, or alterations therein or additions thereto;

(*g*) the planting, protection, or maintenance of fruit trees, timber trees, and other useful trees and plants.

Tenant who is ejected to be entitled to compensation.

4. Every tenant who is ejected from his holding shall, notwithstanding any custom to the contrary, be entitled to be compensated for improvements made by him or his predecessors in interest and for which compensation has not already been paid.

When court orders the ejectment of a tenant, it shall determine the amount of compensation.

5. Whenever a court makes a decree or order for the ejectment of a tenant, it shall determine the amount of compensation (if any) due to the tenant for improvements and shall make the decree or order of ejectment conditional on the payment of that amount to the tenant.

Principle on which compensation is to be estimated.

6. (1) The compensation to be awarded for an improvement shall be the amount by which the value, or the produce, of the holding, or the value of that produce, is increased by the improvement.

Explanation.—In ascertaining such amount, the following matters shall be taken into consideration :—

(*a*) the condition of the improvement and the probable duration of its effects;

(*b*) the labor and capital required for the making of the improvement;

(*c*) any reduction or remission of rent or any other advantage given by the landlord to the tenant in consideration of the improvement.

Compensation as regards trees and plants.

(2) The Governor in Council may, in communication with the High Court, order *tables* to be prepared *showing* rates of compensation to be *paid in the case of trees and plants* for the whole or any part of the district, and may cancel or alter the same from time to time. *Such tables shall be receivable in evidence and the rates therein specified shall be presumed to be the proper rates until the contrary is proved.*

Saving clause.

7. Nothing in any contract between a landlord and a tenant made after the 1st day of January 1886 shall—

(*a*) affect the right of a tenant to make improvements, or

(*b*) affect the right of a tenant to receive compensation for improvements in accordance with the provisions of this Act.

Saving clause.

8. Nothing in this Act shall take away the right of any person who may be entitled by law or custom to claim compensation for any improvements other than those dealt with by this Act.

(By order.)
